Re: Reopening of Breakfast Club Monday 28th September

Dear parents and carers,

Thank you for your consideration and support with the return to breakfast club. We are pleased that this can safely return due to the reduced numbers and the booking system that we currently have in place.

Please find below key information that will help with a smooth opening:

- Breakfast club doors will open at 8.15am and breakfast is served until 8.35. We will be unable to accommodate children after this time.
- Please drop children at the gate where a member of staff will be there to greet them.
- **Parents: Please do not enter the school yard unless absolutely necessary.**
- When children arrive, they will need to wash their hands immediately. Staff will direct them to the toilets to do this.
- Children will pick up their breakfast from the 'hatch' and then be directed to a table.
- The children will sit in their contact groups or 'bubble groups' during their time at breakfast club, each table will accommodate one contact group.
- Children will walk, in their contact groups, down to their classes at 8.45 where the teachers will be ready to greet them.

We appreciate your co-operation on this and we would ask that you speak to your children about the expectation of them when they arrive.

Thank you for your continued help and support.

Mrs Steph Davies
