

Llansannor & Llanharry CiW Primary School Communication

We want to keep communication as simple and clear as possible. Here are the main ways we share information with parents and pupils:

 Arbor App	Instant push notifications and urgent updates (e.g. school closure). You can also use the Arbor app to record your child's absence and to check and update your child's information.	 School Website	You can find general school information on our website. Class pages outline the topics pupils will be learning.
 E-Mail	Direct communication from the school, emails will be received from no-reply@mail.arbor-education.com. This will appear as Llansannor & Llanharry C.I.W Primary School in the address bar. Please use office@llansannorprimary.co.uk if you need to contact staff or have a query.	 Class Dojo	Online profile where photos of learning are shared. <i>Please note: we do not use Dojo for parent messages, please email the office to contact a member of staff</i> office@llansannorprimary.co.uk
 ParentPay	Used for payments, school trips, and choosing school lunches.	 Google Classroom (via Hwb login)	Older pupils are trained in school to use this. Parents access for your child's targets will be shared on here before 'Dewch i Weld' sessions and parent consultations. Pupils from year 2-6 will access Google Classroom as part of their learning.
 School Newsletter	Sent half termly by email and also via the school app. Includes updates on school news, learning highlights, celebrations and upcoming events. Always available on the school website.
